Training and Certification

Cyber Security Educational Courses Professional Sessions

ABOUT US

We offer Cyber Security and Information Security training and Certification in Delhi for Cyber Security and Information Technology aspirants. Since Decade, we have been in the Information Technology and Cybersecurity industry. You can learn more about cybersecurity, Techniques, and Tools to choose a better career path.

DESCRIPTION

Red Hat OpenShift Virtualization Administration Rapid Track Course (DO316) teaches you how to deploy, configure, and manage virtual machines using Red Hat OpenShift Virtualization. This accelerated hands-on course covers the OpenShift Virtualization operator, VM creation, networking, storage, authentication, authorization, monitoring, migration, snapshots, cloning, and high availability. You will learn how to manage production-ready virtual workloads on OpenShift, integrate them with Kubernetes resources, and prepare for enterprise virtualization administration.

Duration -
40Hrs

Language -
Hindi & English

Mode -
Online & Offline

BENEFITS

1. Basic to Advanced Courses
2. Interview Cracking and Proposal-Making Sessions
3. Transparent Syllabus
4. Career-Oriented Courses and Certifications
5. International Accreditation
