ANDROID PROGRAMMING

Course Description

Android Programming App Development Training Course mainly focuses on how to use Android OS for building your own Android Application. Only the basic knowledge of programming is required for Android App Development, you do not have to be a geek for it! The Course will start from the basics like designing layouts and building complex layouts. Once the basics of Android are done we will begin with building Apps. The duration of this Course will be 40 hours, properly divided into theory and hands-on practical sessions.
