Android WORKSHOP

**Promising Individuals Sectors &
Corporate and Government Organizations**

Android software development is the process by which new applications are created for the Android operating system. Applications are usually developed in the Java programming language using the Android Software Development Kit, but other development tools are available.

As of October 2012, more than 700,000 applications have been developed for Android, with over 25 billion downloads. A June 2011 research indicated that over 67% of mobile developers used the platform, at the time of publication.

Some of the promising individual and Government sectors & agencies where we continuously provide our valuable workshop services :

- IT Training Firms / Organizations / Society
- IT Consultants / Experts / Officers
- IT Institutions & Colleges
- IT Graduated or Computer Science Students
- Govt. IT Institutions
- IT Govt. & Security Officers.
- Ministry of Corporate Affairs, India
- Ministry of Home Affairs, India
- Oriental Insurance
- Indian Army

| ■ Robotics | ■ Underwater Robotics |

Specialized **2 DAYS** Android Workshop

Course Content

DAY 1 & Day 2

(8 Hours per day of Instructor-Led Training)

- | | |
|--|--|
| ■ Module 01
Getting started with android
Application fundamentals
Activities and tasks
Components and layouts | ■ Module 02
Working with resources
Android layouts and views
Handling user interaction events
Grouping, accessing of resources |
| ■ Module 03
Creating menus
Styles and themes
Creating dialogs
Adding menus and icons | ■ Module 04
Notifying the users
Debugging android applications
Intent and intent filters
Toast, Status bar, dialog notification |
| ■ Module 05
sql database
introducing sqlite
Sqlite & creating database
Opening and closing a database | ■ Module 06
Multimedia in android
Multimedia supported audio formats
Simple media playback
Supported video formats |
| ■ Module 07
Graphics and Animations
Drawing graphics in android
Drawing with xml
Canvas drawing best practice | ■ Module 08
Basic content providers
Content provider mime types
Searching for content
Adding, changing, removing content |
| ■ Module 09
Animations
Programmatically animations
Introducing tweened animations
Applying tweened animations | ■ Module 10
Accessing android hardware
Using the media apis, camera
Using the accelerometer & compass
Using bluetooth, wifi |
| ■ Module 11
Maps
Finding Current Location
Geocoding & Location Services | ■ Module 12
File Saving State & Preferences |
| ■ Module 13
Telephony and SMS | ■ Module 14
Sensors |
| ■ Module 15
Web Services
JSON Parser
XML Parser | |

Workshop Advantages for Students

Craw Security facilitates several proficient workshop benefits for the students' groups. One may avail oneself of these benefits soon after attending the workshop.

- A valid certification of participation.
- Complimentary official study material.
- A complimentary ₹5,000/- discount gift voucher for Craw Security official training.
- Free scholarship programs for the first 10 winners.

Workshop Advantages for Coordinators & Members
